Computer Science undergraduate with hands-on experience in full-stack web development through multiple academic projects. Experience developing React.js and Laravel-based web applications while applying Agile (Scrum) methodologies to build maintainable and data-driven systems. Seeking a Software Engineer Intern role to strengthen problem solving skills and contribute to developing digital products.

Education

Bina Nusantara University

Sep 2023 – Jul 2027 (Expected)

School of Computer Science (GPA 3.31/4.00)

Projects Experience

GreenLoop | [GitHub](#)

Jun 2025

- Developed 5+ reusable and responsive components using React.js, integrating frontend views with backend APIs to support dynamic data rendering.
- Participated in a Scrum-based development process, contributing to sprint planning, code reviews, and documentation to maintain code quality and delivery consistency.
- Used Git-based workflows to manage code changes and collaborate effectively within the development team.

.NET Web | [GitHub](#)

May 2025

- Developed a full-stack web application using ASP.NET and SAP Crystal Reports to generate multiple sales and revenue reports based on transactional data.

Smart Traffic Management System | [GitHub](#)

Dec 2024

- Developed a real-time traffic management system using Python and YOLOv5 to detect vehicles from video input and dynamically prioritize traffic flow based on vehicle density.
- Collected and labeled hundreds of image frames to train and evaluate the object detection model for real-time inference.

Organizational Experience

Bina Nusantara Computer Club (BNCC)

Sep 2025 – Sep 2025

Activist

- Contributed to organizational activities and internal projects in collaboration with other members.
- Supported coordination and communication activities for ongoing programs and events.

BNCC Techno Scape 2025

Mar 2025 – Jul 2025

Media Partner (Staff)

- Coordinated communication with 20+ external media partners to support event promotion and content publication.
- Conducted outreach and negotiations with media partners, ensuring timely publication aligned with event objectives.

BNCC Hackathon 8.0

May 2025

Liaison Officer (Mentor)

- Coordinated communication between mentors and the organizing team to ensure smooth mentoring activities.
- Managed mentor schedules and real-time updates to support multiple mentoring sessions during the event.

Skills

- Programming Language:** C, Python, JavaScript
- Web & Databases:** HTML, CSS, MySQL
- Frameworks & Libraries:** React.js, Laravel, ASP.NET
- Tools:** Figma, Notion, Visual Paradigm, Cisco, Git, GitHub
- Languages:** Indonesia (Native), English (Intermediate)
