Computer Science undergraduate with hands-on experience in full stack web development through academic projects. Experienced working on React.js and Laravel-based web applications, applying Agile (Scrum) methodologies throughout the SDLC to deliver functional and maintainable solutions. Highly motivated to contribute as a Software Engineer Intern to apply technical skills and contribute to real world digital products.

Education

Bina Nusantara University

Sep 2023 – Jul 2027 (Expected)

School of Computer Science (GPA 3.31/4.00)

Projects Experience

GreenLoop | [GitHub](#)

Jun 2025

- Implemented reusable and responsive components using React.js, integrating frontend views with backend APIs to support dynamic data rendering.
- Worked in a Scrum-based development process, contributing to sprint planning, code reviews, and documentation to maintain code quality and delivery consistency.
- Applied Git-based workflows to manage code changes and collaborate effectively within the development team.

.NET Web | [GitHub](#)

May 2025

- Full stack web development using ASP.NET and SAP Crystal Reports for sales and revenue reporting.

Smart Traffic Management System | [GitHub](#)

Dec 2024

- Developed a real time traffic management system using Python and YOLOv5 to detect vehicles from video input and dynamically prioritize traffic flow based on vehicle density.
- Collected, labeled, and curated training datasets to improve object detection accuracy and optimize model performance for real time inference.

Organizational Experience

Bina Nusantara Computer Club (BNCC)

Sep 2025 – Sep 2025

Activist

- Actively participated in organizational activities and internal projects to support community development.
- Enhanced teamwork, public speaking, and problem solving skills through collaboration with peers.

BNCC Techno Scape 2025

Mar 2025 – Jul 2025

Media Partner (Staff)

- Coordinated communication and partnerships with external media stakeholders to support event promotion and content publication.
- Conducted outreach and negotiations with media partners, ensuring timely publication aligned with event objectives.

BNCC Hackathon 8.0

May 2025

Liaison Officer (Mentor)

- Coordinated communication between mentors and the organizing team to ensure smooth mentoring activity.
- Managed mentor schedules and handled real time updates to support timely and effective mentoring sessions.

Skills

- **Technical:** C, Python, JavaScript, MySQL, HTML/CSS
- **Frameworks & Libraries:** React.js, Laravel, ASP.NET
- **Tools:** Figma, Notion, Visual Paradigm, Cisco, GitHub
- **Languages:** Indonesia (Native), English (Intermediate)
